

Hilton City Leeds - Orientation Videos

Transcript

Accessible bathroom suite

This video shows the accessible suite bathroom, with the camera panning slowly from left to right. On the left-hand side, there is a wall rail with towels hanging. Next is a walk-in shower. Inside the shower, a pull-down seat is positioned on the left side, with a shower curtain surrounding the area. An emergency pull cord is located beside the shower seat. On the wall to the right side of the shower are mounted shampoo, conditioner, and body wash dispensers. Moving further right, there is a sink with open space underneath. A soap dispenser is mounted on the wall to the right of the sink, and a small bin sits on the floor to the left. The toilet is positioned directly to the right of the sink.

Bathroom - Double room

This video shows the double and twin bathroom with the camera panning slowly from left to right. On the left is the walk-in shower with a glass screen and wall-mounted shower controls. Shampoo and body wash are fixed to the wall inside the shower. Moving across the room, the toilet is positioned centrally against the wall with clear space around it. To the right is a sink area with a large mirror above and open space underneath the sink.

Accessible bedroom and lounge

This video shows the accessible suite lounge and bedroom with the camera panning from left to right. In the lounge area on the left-hand side, there is a table against the wall with a telephone on top and a chair positioned in front. Moving right, the sofa is positioned along the wall with a side table and lamp beside it. A low coffee table sits in front, leaving clear space around it for movement. On the right-hand wall is a wall-mounted television with a desk style surface below. The camera then continues into the bedroom. On the left-hand wall is another wall-mounted television with a table underneath. The double bed is positioned centrally with bedside tables on both sides. To the right of the bed is the bathroom door, followed by double wardrobes for storage. Windows with curtains provide natural light, and the flooring remains level throughout for accessible movement.

Double Room

This video shows the double bedroom with the camera panning slowly from right to left. As the camera moves into the room, a desk is positioned against the right-hand wall with a lamp and telephone on top, and a chair placed in front. A television is mounted on the wall above the desk. The bed is positioned centrally along the left-hand wall with bedside tables and lamps on both sides. As the camera continues towards the end of the pan, the bathroom entrance comes into view, followed by a tall mirror. A double wardrobe is positioned on the opposite side next to the entrance door. Please note that some rooms may be laid out as a mirror image, so furniture positions may be reversed.

Twin bedroom and bathroom

This video shows the twin room and bathroom. Two single beds are positioned along the right-hand wall with bedside tables and lights between them. Opposite the beds on the left-hand wall is a desk with a chair, a television mounted above, and a lamp and telephone on the desk. As you walk through the entrance door, a double wardrobe is positioned on the left-hand side. On the right-hand side is the bathroom entrance. The shower has a glass panel along the left side, with a support handrail fixed to the right-hand wall. Moving across the room, the toilet is positioned centrally against the wall with the flush control located above on the wall behind. Beside the toilet is the sink area, providing clear space around it for movement. Please note that some rooms may be laid out as a mirror image, so the position of furniture may be reversed.

Brigante foyer

This video shows the Brigante Suite foyer area. We enter a large open space with patterned carpet and overhead lighting. In the center of the foyer are glass tables which may need to be walked around. To the right-hand side are several high standing tables positioned along the edge of the space. A clear walkway continues forward into a corridor leading towards the conference rooms. Large windows run along the right-hand side and the flooring remains level throughout, providing an accessible route.

Brigante Suite – Main conference room

This video shows the Brigante Suite B and C main conference room. The room is a large open space with rows of chairs facing a presentation

screen. The camera pans from right to left, showing the seating layout. Clear walkways run along the left and right sides, with a central aisle through the middle. The flooring is level throughout, allowing accessible movement around the room.
